

GOD'S DESIGN FOR HUMAN LIFE

God loves every person and wants what is best for us. God's design for our lives is that He lives in us providing His wisdom, strength, and purpose. God knows us better than we know ourselves. God knows what will truly satisfy us. Jesus says that without Him in our lives we can do nothing. Without Jesus, everything we do is contaminated by our sin.

The only alternative for living by God's design is to remain living from our own understanding, our own strength, and determine our own purpose. This always leads to us breaking some law of life. Just like breaking the law of gravity, breaking the laws for life will result in pain, suffering, and separations. If we keep running from God and living in our own strength, this leads to eternal separation from God. Laws of Life: Exodus 20 and 1 Thessalonians 5

The remedy for living the good life is to believe that God loves, God forgives, and that through Jesus God will send His Spirit to live in you providing His wisdom, strength, and purpose.

Romans 8:3 God did what we cannot do for ourselves since we cannot obey the laws of life in our own strength. God sent Jesus as an offering to take away the sin of the world. Jesus lived sinless and died sinless for humanity's rescue from sin. Jesus arose with authority to make all who believe Him into New Creations through a new birth. You must only believe Jesus and be willing to act upon those things Jesus asks you to do. Begin talking to God about all things. Let the Spirit guide you into all truth through the Scriptures. Meet and learn from other believers in Jesus.

By believing in Jesus, He indwells your life and is your Lord and your Savior from sin. Being born again from above means that you are now depending on Jesus for your resources, your understanding, and your strength.

Jesus is more concerned about your sin than your transgressions. Sin is the root. Transgressions are the result of sin. Sin is simply living by your own understanding, strength, and purpose.
